

The Member Retention Solution

Rewards deliver added value to members, can directly promote your business and be inexpensive.

Reward ideas

-  Merchandise
-  Special offers from local businesses and national brands
-  In-club bonus point promotions
-  Use the suggested rewards or create your own!

Opportunity for additional revenue

To generate additional revenue clubs can offer local businesses advertising placement opportunities on the ATF Rewards platform.

ATF Rewards is the perfect tool to support your member journey

You have the power

Every time a member visits your club, they receive a **visit point**.

Visit points accumulate and when a member reaches a **milestone**, they're rewarded!

You have the **power** to decide how many visit points members require to achieve each milestone and **claim the reward**.

Anywhere anytime

Members can access the ATF Rewards digital platform anytime, anywhere. They can check their points, access special offers and engage with their local community.

ATF Rewards is the most powerful retention tool we have ever used in our clubs. Members are loving it, staff find it easy and it is significantly increasing genuine loyalty to the brand.
